

**Supplementary Material 3.** WEO Executive Committee approval

**PRESIDENT**

Fabian Emura Bogota, Colombia

June 16, 2020

To whom it may concern

WEO takes pride to be the voice of world endoscopy. Our mission is to be the world leader in endoscopic education while promoting high standards and quality in endoscopy.

As part of this mission, WEO has recently supported a survey to assess perspective of teaching faculty on the impact of Covid-19 on endoscopy training, conducted by Dr Shivakumar Vignesh and his team. WEO Executive had reviewed the survey questionnaire, seen this to be ethical and appropriate to distribute this to WEO members with the specific objectives for the survey as disclosed, and granted approval to be disseminated to the core committees of WEO.

WEO is legally registered in Germany and all activities are aligned with the European Data Protection Act. Questions regarding the survey and/or WEO can be directed to the WEO secretariat at [secretariat@worldendo.org](mailto:secretariat@worldendo.org)

Sincerely

A handwritten signature in black ink, appearing to read 'Douglas Faigel', written over a light blue horizontal line.

Douglas Faigel  
WEO Secretary General
